WORK EXPERIENCE

Web Developer IOS SERVICES

October 2023 – December 2025

- Built and deployed a full-stack application using React, Next.js, TypeScript, Strapi CMS, and Tailwind CSS, handling frontend and backend implementation independently.
- Managed client-side state with Zustand, ensuring predictable data flows across complex UI interactions.
- Developed marketing campaign features and landing pages in collaboration with marketing team.
- Contributed to internal CMS development, implementing new features and maintaining existing codebase.
- Integrated GraphQL and REST APIs using Apollo Client and Node.js.
- Wrote unit tests with Jest to ensure code quality.

Social Media Manager SMART GAMING

January 2020 – February 2023

- Managed social media content creation and scheduling using Photoshop and various platforms.

LANGUAGES

Romanian – native
English – C1 (CAE Certificate)
